

*****EARLY BIRD DISCOUNTS*****

SUSTAINABILITY IN EDUCATION CONFERENCE

25th March 2026, 9-4pm
Anglia Ruskin University, Chelmsford

For Primary, Secondary and Further Education Sustainability Leads, Teachers, School Improvement Directors, Operations/Facilities Directors and Governors

Join us for a dynamic day of inspiration, collaboration, and practical action, bringing together national and regional experts in sustainability in education to help schools deliver on their climate action plans.

Through keynote speeches and hands-on workshops, participants will explore ways to adapt school operations through effective leadership for sustainability, boost nature recovery & connection and effectively embed climate & social justice into their curriculum. Discover real-world case studies and leave equipped to lead meaningful change in your school community.
